URGES GOOD ROADS.

Gov. Haskell Addresses Convention of Trustees.

Oklahoma City, Ok., Nov. 23.—Advocating the expenditure of county funds upon good roads rather than upon expensive court houses, and giving assurance that the legislature would render assistance in the movement for better roads, Gov. Haskell addressed the township trustees in state convention here today. "It's better to drive over good roads to a court house that cost \$25,000 than over muddy roads to a court house that cost \$200,000," he said. Gov. Haskell declared that it would be the policy of the state to work convicts on the roads and that the counties showing the most progress would receive recognition from the state first. C. F. Barrett, of the state board of agriculture, spoke on the necessity of gathering statistics of the state's agricultural wealth. The trustees will elect officers and adjourn tomorrow.

ARKANSAS CYCLONE

Fort Smith, Ark., Nov. 23.—From meager reports received here tonight from a score of towns in Northeast Arkansas, twenty-five people were killed, fifty injured and a number missing, in a tornado which swept through a section of country two miles wide and seventy miles long. The force of the storm was felt greatest in the vicinity of Ozark, Ark., the small town of Cravens, four miles west, being completely wiped out. Four people were killed and three fatally injured.

A grocery store in which several people had taken refuge was blown to pieces and all the occupants were more or less injured.

Eight people, three men, two women and two children, are among the missing at Cravens. At Knoxville, Ark., the storm crossed over the Arkansas river at the mouth of Piney creek, demolishing everything in its path. Twenty people were injured and several reported missing.

Calls for doctors have been sent from Barr, a small town four miles east of Knoxville. Physicians were sent to the stricken town on a hand car and have not returned. Barr is almost destroyed. The country between Knoxville and Barr is waste, the farm houses shattered.

The path of destruction in some places is four miles wide. The damage at Berryville was confined mostly to stores and churches. The storm came up from the west at 2:15 o'clock and lasted but a few minutes. The Methodist church was rent and the parsonage badly damaged. The Baptist church cupola was blown 150 feet.

SOBER MAN KILLED; DRUNK MAN UNHURT

Muskogee, Okla., Nov. 23.—Henry Hubble, employed by the Morgan Roofing company, fell from the roof of a two story building here this afternoon and was instantly killed. He was drawing up buckets of tar when the scaffold gave way. He dropped 30 feet to the pavement.

Muskogee, Okla., Nov. 23.—Christain Gulager, of Tahlequah, jumped from the third story of the Tennessee building this morning, alighted on his feet and ran two blocks to an undertaking establishment. He has been in the hospital since but is not badly injured. It is said he had been drinking heavily.

EX-FEDERAL OFFICERS.

Fees Charged as Notaries Must be Refunded.

Muskogee, Nov. 23.—United States commissioners and other officials who had easy pickings under the federal regime prior to statehood had better sit up and take notice for the government is after them with a big stick and they are to be called upon to settle.

The first of a number of suits was brought in the federal court today in which the government is the plaintiff and an ex-official is the defendant. The defendant in the suit just filed is Thomas N. Robnett, who was United States commissioner at Ardmore from 1902 and 1907. As such commissioner it is alleged he charged notary fees at the rate of 40 and 50 cents per swear while he was in office and pocketed the money.

The government claims that Robnett has no right to this money, amounting to \$508.25, and he and his bondsmen, the United States Fidelity and Bonding Co., are called upon to settle. Muskogee officials are in a similar predicament and suits will be brought against them later on.

Secretary of State Cross is Ill.

Guthrie, Okla., Nov. 23.—Secretary of State Bill Cross is reported as being seriously ill today and his friends fear a recurrence of the heart trouble which came so near ending his life shortly after his election last fall. All visitors were denied admission to his room today.

Miss Barnard Goes to Texas.

Guthrie, Okla., Nov. 23.—Miss Kate Barnard, state commissioner of charities and correction, has gone to San Angelo, Tex., to deliver an address on "Juvenile Courts," before the state federation of women's clubs and to investigate the conditions leading to the reaction in Texas against the institution as it now exists there. She has also been invited to meet with the civic committee of the Kansas state federation at Enterprise on December first.

County Court.

Judge Joel Terrell is still holding court. Today he is hearing the case of Will Davis charged with transporting whiskey. The transporting of the whiskey is not denied, so it is simply a question of law as to whether it is an offense for an individual to carry whiskey from the depot or express office to his place of residence.

Trade is better in Ada than most places its size, and there is every indication the comparison in future will be more favorable to this city.

Fine asphalt at the doors of Ada, and the best of cement manufactured within its borders, and these properly used make magnificent paving material. Other people have valued the Ada asphalt so highly that they shipped it hundreds of miles to use.

With the hundreds of thousands of dollars to be expended in Ada within the next year for public improvements, and the many thousands for private work made necessary by changes, Ada will be a busy mart. Let all join in and make the spirit of progress unanimous.

It is the duty of the business men of Ada to sustain a daily paper. There is no better advertisement for a small city than its daily newspaper. The News gives value received—and more—for the patronage extended it, so the business, property and professional interests of Ada should aid it.

The cotton continues to stream into Ada, and the reason is easily explained. Ada has the compress, the cotton seed oil mill, and last, but by no means least, capable cotton buyers who pay the top notch price. And of course our business men sell goods cheap—or at least those do who advertise that they will.

The more patronage a paper receives, the better publication it can issue, and the improved appearance of a paper reflects credit on the town or city where it is published. It is of personal interest to every Ada citizen who has property or business here, to have its daily paper as good, or little better, than that of any town of similar size. The gain is yours, because as Ada is benefited, you necessarily are the gainer.

PRESS COMMENT.

Treasury officials say that the silver dollar is doomed to go in the South. We cheerfully attest the accuracy of the statement. Every one we get goes promptly.—Houston Post.

When you take a trip on a railroad in Oklahoma and discover that the fare costs you only two-thirds of what it formerly did, do you remember that the democratic party brought this about?—Oklahoman.

Sherman presiding over the senate, Cannon presiding over the house, Payne, chairman of the ways and means committee, with Dalzell to help him apply the brakes—and the republican party promises "unequivocally" to "immediately" revise the tariff. No, those western earthquakes were not caused by shivers of fear shaking the eastern trust magnates.—Bryan's Commoner.

Most anybody can edit a newspaper and make it interesting for awhile. Some people can keep up the interest for a month or two without fagging, but it takes a natural born pencil shaver and hard worker to grind out an interesting batch of local and editorial items week after week for a term of years. There is no profession that is more exhausting or less remunerative for the work than the editorial or journalistic profession.—Waukon's Hornet.

May Keep Millions Here.

It would seem that there has been hardly any stronger argument advanced in favor of postal savings banks than these figures, showing how much money is sent abroad by alien laborers on this continent. Last year over \$17,000,000 went to Austria-Hungary, and nearly \$10,000,000 to Russia, in postal orders. That money was all earned here, and, of course, the men who earned it had a right to do what they chose with it; but it does seem a shame that the American people, who paid this money in wages, should be deprived of the benefit that would accrue from its being deposited in American banks. Undoubtedly the question will come up before the approaching session of congress, and such has been popular education and argument on the subject that it seems more than likely that the necessary legislation will be enacted.—Washington (D. C.) Herald.

Notice is hereby given that a legal petition has been filed in the office of the County Clerk of Pontotoc County, Oklahoma, to open a road described as follows:

Petition to Layout and Establish a Public Road.

To the Honorable Board of County Commissioners of Pontotoc County, Oklahoma:

We the undersigned citizens of Pontotoc County, Oklahoma, being free holders and residents along the route and in the vicinity along and through which the proposed road is to pass, hereby petition your honorable body to view, layout and establish a public road along and upon the section lines as below indicated as follows, to-wit: The beginning point of said road to be at Maxwell, Oklahoma, and from said point of beginning to run south along the section line running between sections 14, 13, 24, 26 and 25 in Township 5, North, Range 4 East to the Northwest corner of Section 36 in Township 5 N. R. 4 E.; thence East along the section line a distance of one mile to the Northeast corner of said section 36; thence South along the Range line a distance of one mile to the Township line; thence East along said Township line to the Northeast corner of section 5, Township 4, North Range 5 East; thence South along the section line a distance of one mile between sections 5 and 4 of Township 4 North, Range 5 East; and through the town of Bebee, to the Northeast corner of Section 8, Township 4 North, Range 5 East; thence East along the section line between sections 9 and 4, T. 4 N. R. 5 E., a distance of one mile to the Northeast corner of section 9, Township 4 North Range 5 East; thence south along the section line between sections 9 and 10 Township 4 North, Range 5 East, a distance of one mile to an intersection with the Egypt road at the southeast corner of said section 9.

Notice is further given that the viewers will, at 10 o'clock a. m. on the 30th day of November, A. D., 1908, begin at the East end of said road to view same and give all interested parties a hearing and will proceed thereafter from day to day until the full extent of said road is viewed.

In witness whereof I hereunto set my hand and seal this 7th day of November, 1908.

W. S. KERR,
County Clerk.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

MEN, SAVE YOUR HONOR!

A Man, a Man, Two tablets of Fame for a Leader Who Will Crush Arrogance.

To the Editor of the Daily News.
 Dear Sir:—The daughters of Eve resent the boast made by the sons of Adam who brag that they are the best spellers in town. This ungallant charge by arrogant masculinity against the weaker sex reflects on the intelligence of the fair, implying a sad neglect of their early education. Under such a charge our women folks can not remain silent.
 A decent respect for opinions in general and Ada people's opinion in particular demands that they repel this slanderous charge. It compels them to state modestly, unobtrusively, and without boasting that what the feminine tribe does not know about orthography is positively torn out of the spelling book.
 One energetic young woman who can spell well can down a hundred good-for-nothing fellows who can't spell. Such a fair lady with her eyes shut can beat the whole masculine tribe with all their profundity and eyes wide open. These are clear, deliberate statements of cold stubborn facts, neither boasted nor exaggerated. When did a woman ever exaggerate or use any idle words whatever?

The women of Ada rise and demand that this unjust charge be forever laid to rest and hereby challenge the whole of mankind within the bounds of our vicinity to meet them in a spelling match at (place named later) asking that they come prepared to take their Waterloo bravely.

This challenge is not made with the hope that it will be accepted. The men are afraid, but the horrid creatures must either stand up or shut up.

Awaiting but not expecting a reply, we are yours truly,

THE WOMEN.

P. S. Anyone coming to see these boastful men chagrinned and who will not spell will be fined 15 cents. You can get in for a dime. The money will go to pay for the cistern to furnish pure water for the school children.

MOTHERS' CLUB SOUTH ADA.

REPUBLICAN CAMPAIGN FAT

Albany, N. Y., Nov. 23.—George P. Sheldon, treasurer of the republican national committee, today filed the list of contributions received for the national campaign. It shows 12,330 contributors, many of them covering a number of lesser contributions. The total amount contributed was \$1,655,521.27. Part of the list follows: \$110,000, C. P. Taft, Cincinnati, Ohio; \$37,777, Union League Philadelphia; \$25,000, Lars Anderson, Boston; \$25,000; G. A. Garretson, Boston; \$20,000, Andrew Carnegie, New York; \$20,000, J. P. Morgan of New York. Three contributors gave \$15,000 each, they being Alex Smith Cochrane of New York, J. N. Bagley of Michigan, William Nelson Cromwell of New York. Seven who gave \$10,000 each were M. C. D. Borden of New York, White-law Reid of New York, Frank A. Munsey of New York, Jacob H. Schiff of New York, Fred P. Smith of Michigan, Edith Agnes Corbin of Washington, W. J. Bohan of Washington. S. Vail and associates and H. N. Coe each gave \$9,000. Mark T. Cox of New York, gave \$7,500; R. C. Kerens of St. Louis, \$7,000, and William Barbeour, of Patterson, N. J., \$6,000.

Among the twenty-six who gave \$5,000 each were Simon Guggenheim of Denver, A. Busch of St. Louis, Ferdinand Sulzberger of Kansas City, J. Bromley of Kansas City.

Eight contributors gave \$4,000 each two gave \$3,500, eleven gave \$3,000, and thirteen gave \$2,500 each. Among the latter were Charles M. Schwab and Elihu Root, both of New York. John Jacob Aster of New York, and

David J. Hill are among the twenty who each gave \$2,000. Twenty-four contributed \$1,500 each. W. B. Ridgeley of Kansas City, gave \$1,300, and four men each gave \$1,250. All of the remainder gave an amount of \$1,000 or less. Theodore Roosevelt, Alfred G. Vanderbilt, Cornelius of St. Louis were among the contributors who gave \$1,000.

Among the Oklahoma contributors of \$200 each were C. W. Raymond and J. George Wright, both of Muskogee.

A Good Home.

I have a bargain in a fully completed four-room cottage dwelling plastered throughout with front gallery and 8x16 back porch, situated on an acre of beautiful lots, with nice growth of shade trees located in South Side Addition. This property has a good cistern and barn for four head of stock.

Brothers and Sisters Exchange.

Marriage license were issued today to West Bobley, aged 25, and Miss Maggie Odom, 18, also to Wesley Odom, aged 21, and Miss Maudie Mobley, 18, of Ada. This will evidently be a double wedding, as they are brothers and sisters.

Grand Leader Sale Continues.

The casual reader cannot help seeing the attractive ads and more attractive prices of the Grand Leader in today's News. Look them over carefully and lose no time in availing yourself of some of these great bargains, as the special sale continues.

Sarcastic.

After gazing for a moment on the mass of feathers that she called a hat, he growled:

"Why didn't you get the bird?"
 "Why, what part of the bird do you mean?"

"The bill."
 Later, however, he was compelled to note the fact that not even that had been overlooked.

NO RACE SUICIDE IN OKLAHOMA

Guthrie, Ok., Nov. 23.—A bureau of vital statistics is now in full force and operation in Oklahoma in charge of Dr. J. C. Mahr, state health superintendent. Although Dr. Mahr has just started to receive statistics he estimates that there are between 3,000 and 4,000 births in Oklahoma every month. This demonstrates that there is no such thing as race suicide in Oklahoma and shows approximately 40,000 people are added to the population of Oklahoma every year by the means of birth alone.

Pottawatomie county is the banner anti-race suicide county of the state, the records showing a larger percentage of births than any other county. For the month of October the birth rate was sixty-eight and the complete record for the month will show it about 100 in the one county alone. The death rate of the county was 25.8 per cent of which one-third was from preventive diseases.

The report from Choctaw county shows that one citizen reached the mature age of 113 before adding his name to the death roll. Dr. Mahr states that he has received but partial reports from 20 per cent of the counties of the state showing 408 births.

For Vital Statistics.

The new health law of Oklahoma, which has just been put in force, requires the maintenance of a bureau of vital statistics according to a uniform system established by the census department at Washington. Oklahoma is the sixteenth state in the union to establish this system. It incorporates a record of all births, deaths, marriages and divorces in the state, reports being made to the state health officer, in the case of births and deaths, by the county health boards. The returns of divorces are made by the clerks of the district courts of the various counties and probate judges send in the marriages statistics.

In the record of births the attending physician is required to report to the county health officer, the nationality and sex of the child and the name of its parents and residence the county officer in turn reporting the state health officer. In the case of deaths the cause of death, age, sex, nationality, name of deceased and other minor details are required.

To Keep Tab on Deaths.

Dr. Mahr states that chief among the good results that will come to the state by the new system is that which will be gained in better sanitary conditions. The blanks furnished the county health official contain a list of what are commonly known as preventable diseases. These include diphtheria, scarlet fever, smallpox, measles, typhoid, chicken pox, cholera infantum, tuberculosis, hydrophobia, pneumonia and pleural sepsis. In reporting the deaths which occur the doctor must state the cause of the result of any of the foregoing diseases.

In reporting deaths from all other diseases the health officers are only required to report the percentage of deaths which result from each.

In looking over these reports the state health officer can determine whether sufficient preventive measures were taken and if not take steps to enforce proper health rules to reduce the percentages of deaths from preventable diseases.

An example of what may be revealed by these reports if found is

the fact that out of twelve diphtheria case reported to the state health officers six have died.

SEARCH AND SEIZURE UPHELD

Guthrie, Ok., Nov. 23.—In an opinion written by Chief Justice Williams the supreme court granted a writ of mandamus compelling County Judge Hooker of Oklahoma County to issue a search and seizure warrant under the Billups prohibition law, and held that the search and seizure section of the law was constitutional.

The case was brought by Fred S. Caldwell, attorney to the governor, in charge of prohibition enforcement, upon the ground that Judge Hooker refused to issue a warrant applied for by the county attorney, the judge holding at the time the law was unconstitutional, for the reason that the title of the Billups act was defective, in that the purposes of the act were not set forth in the caption, also that the act contemplated more than one subject of legislation. In defense of the refusal it was also held that the provision of the constitution relating to state-wide prohibition, which the supreme court had already held to be operative, was an inhibition against the legislature going further. The opinion of Judge Williams holds against these conclusions, determines that the search and seizure sections are legal and that as the act does not undertake to prescribe a procedure for search and seizure, the general provisions of the code of civil procedure shall apply as in other cases. It follows also that parties will be entitled to a trial by jury when demanded.

A New Use for Cheese.

An English farmer recently went into a restaurant in Liverpool and called for some bread and cheese.

"What kind would you like, sir?" inquired the waiter. "Cheshire, Yorkshire or Gorgonzola?"

"Fancy name, that last," said the farmer; "I'll try a bit of that."

He thought it so tasty that he bought a pound, took it home for his wife late at night, and left it for her on the sideboard in the kitchen. Next morning he came in from his before-breakfast round and asked her if she had found the parcel.

"Oh, yes," she replied, "I saw it there all right, and very good mottled soap it is, no doubt, when you know how to use it. But I couldn't make it lather very well when I washed the children, and after I'd done they smelled so strong that I've turned 'em out for a breath of fresh air, just to sweeten 'em a bit before they go to school."—Everybody's Magazine.

Gov. Haskell Addresses Convention of Trustees.

Oklahoma City Ok Nov 23—Ad-
 vocating the expenditure of county
 funds upon good roads rather than
 upon expensive court houses, and
 giving assurance that the legislature
 would render assistance in the move-
 ment for better roads Gov Haskell
 addressed the township trustees in
 state convention here today. It
 better to drive over good roads to

Muskogee Nov 23—United States
 commissioners and other officials
 who had easy pickings under the
 federal regime prior to statehood
 had better sit up and take notice
 for the government is after them
 with a big stick and they are to be
 called upon to settle

The first of a number of suits was
 brought in the federal court today
 in which the government is the
 plaintiff and an ex-official is the
 defendant The defendant in the suit
 just filed is Thomas N Robnett, who
 was United States commissioner at
 Ardmore from 1902 and 1907 As such
 commissioner it is alleged he charged
 notary fees at the rate of 40 and 50
 cents per swear while he was in of-
 fice and pocketed the money

The government claims that Rob-
 nett has no right to this money,
 amounting to \$508.25 and he and his
 bondsmen the United States Fidelity
 and Bonding Co are called upon to
 settle Muskogee officials are in
 a similar predicament and suits
 will be brought against them later on

Most anybody can edit a newspaper and make it interesting for awhile. Some people can keep up the interest for a month or two without flagging, but it takes a natural born pencil shaver, ad hard worker to grind out an interesting batch of local and editorial items week after week for a term of years. There is no profession that is more exhausting or less remunerative for the work than the editorial or journalistic profession.—Waukomis Horae

May Keep Millions Here.

It would seem that there has been hardly any stronger argument advanced in favor of postal savings banks than these figures, showing how much money is sent abroad by alien laborers on this continent. Last year over \$17,000,000 went to Austria-Hungary and nearly \$10,000,000 to Russia in postal orders. That money was all earned here and, of course, the men who earned it had a right to do what they chose with it, but it does seem a shame that the American people who paid this money in wages should be deprived of the benefit that would accrue from its being deposited in American banks. Undoubtedly the question will come up before the approaching session of congress and such has been popular education and argument on the subject that it seems more than likely that the necessary legislation will be enacted—Washington (D. C.) Herald

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

MEX, SAVE YOUR HONOR!

A Man, a Man, Two tablets of Fame for a Leader Who Will Crush Arrogance.

To the Editor of the Daily News.

Dear Sir:—The daughters of Eve resent the boast made by the sons of Adam who brag that they are the best spellers in town. This ungallant charge by arrogant masculinity against the weaker sex reflects on the intelligence of the fair, implying a sad neglect of their early education. Under such a charge our women folks can not remain silent.

A decent respect for opinions in general and Ada people's opinion in particular demands that they repel this slanderous charge. It compels them to state modestly, unobtrusively, and without boasting that what the feminine tribe does not know about orthography is positively torn out of the spelling book.

One energetic young woman who can spell well can down a hundred good-for-nothing fellows who can't spell. Such a fair lady with her eyes shut can beat the whole masculine tribe with all their profundity and eyes wide open. These are clear, deliberate statements of cold stubborn facts, neither boasted nor exaggerated. When did a woman ever exaggerate or use any idle words what?...

The women of Ada rise and demand that this unjust charge be forever laid to rest and hereby challenge the whole of mankind within the bounds of our vicinity to meet them in a spelling match at (place named later) asking that they come prepared to take their Waterloo bravely.

This challenge is not made with the hope that it will be accepted. The men are afraid, but the horrid creatures must either stand up or shut up.

URGES GOOD ROADS.

Gov. Haskell Addresses Convention of Trustees.

Oklahoma City Ok Nov 23—Ad-
 vocating the expenditure of county
 funds upon good roads rather than
 upon expensive court houses, and
 giving assurance that the legislature
 would render assistance in the move-
 ment for better roads Gov Haskell
 addressed the township trustees in
 state convention here today. Its
 better to drive over good roads to
 a court house that cost \$25 000 than
 over muddy roads to a court house
 that cost \$200 000 he said Gov
 Haskell declared that it would be the
 policy of the state to work convicts
 on the roads and that the counties
 showing the most progress would

ARKANSAS CYCLONE

Fort Smith Ark Nov 23—From
 meager reports received here tonight
 from a score of towns in Northeast
 Arkansas twenty five people were
 killed fifty injured and a number
 missing in a tornado which swept
 through a section of country two
 miles wide and seventy miles long.
 The force of the storm was felt
 greatest in the vicinity of Ozark,
 Ark the small town of Cravens
 four miles west being completely
 wiped out. Four people were killed
 and three fatally injured.

A grocery store in which several
 people had taken refuge was blown
 to pieces and all the occupants were
 more or less injured.

Eight people three men two wo-
 men and two children are among
 the missing at Cravens. At Knoxville,
 Ark the storm crossed over the
 Arkansas river at the mouth of Piney
 creek demolishing everything in its
 path. Twenty people were injured
 and several reported missing.

Calls for doctors have been sent
 from Barr a small town four miles
 east of Knoxville. Physicians were
 sent to the stricken town on a
 hand car and have not returned.
 Barr is almost destroyed. The coun-
 try between Knoxville and Barr is
 waste the farm houses shattered.

The path of destruction in some
 places is four miles wide. The dam-
 age at Berryville was confined mas-
 sly to stores and churches. The
 storm came up from the west at
 2 15 o'clock and lasted but a few
 minutes. The Methodist church was
 rent and the parsonage badly dam-
 aged. The Baptist church cupola was
 blown 150 feet.

SOBER MAN KILLED; DRUNK MAN UNHURT

Muskogee Okla Nov 23—Henry
 Hubble employed by the Morgan
 Roofing company fell from the roof
 of a two story building here this
 afternoon and was instantly killed.
 He was drawing up buckets of tar
 when the scaffold gave way. He
 dropped 30 feet to the pavement.

Muskogee Okla Nov 23—Chris-
 tian Gulager of Tahlequah jumped
 from the third story of the Ten-
 nessee building this morning alighted
 on his feet and ran two blocks to
 an undertaking establishment. He
 has been in the hospital since but
 is not badly injured. It is said he
 had been drinking heavily.

EX-FEDERAL OFFICERS.

Fees Charged as Notaries Must be
 Refunded.

Muskogee Nov 23—United States
 commissioners and other officials
 who had easy pickings under the
 federal regime prior to statehood
 had better sit up and take notice
 for the government is after them
 with a big stick and they are to be
 called upon to settle.

The first of a number of suits was
 brought in the federal court today
 in which the government is the
 plaintiff and an ex-official is the
 defendant. The defendant in the suit
 just filed is Thomas N Robnett, who
 was United States commissioner at
 Ardmore from 1902 and 1907. As such
 commissioner it is alleged he charged
 notary fees at the rate of 40 and 50
 cents per swear while he was in of-
 fice and pocketed the money.

The government claims that Rob-
 nett has no right to this money,
 amounting to \$508 25 and he and his
 bondsmen the United States Fidelity
 and Bonding Co are called upon to
 settle. Muskogee officials are in a
 similar predicament and suits
 will be brought against them later on.

Secretary of State Cross is ill.
 Guthrie, Okla, Nov 23—Secre-
 tary of State Bill Cross is reported as
 being seriously ill today and his
 friends fear a recurrence of the heart
 trouble which came so near ending
 his life shortly after his election
 last fall. All visitors were denied
 admission to his room today.

Miss Barnard Goes to Texas.
 Guthrie Okla Nov 23—Miss Kate
 Barnard state commissioner of chari-
 ties and correction has gone to San
 Angelo Tex to deliver an address
 on 'Juvenile Courts' before the
 state federation of womens clubs
 and to investigate the conditions
 leading to the reaction in Texas
 against the institution as it now ex-
 ists there. She has also been in-
 vited to meet with the civic com-
 mittee of the Kansas state federation
 at Enterprise on December first.

County Court.

Judge Joel Terrell is still holding
 court. Today he is hearing the case
 of Will Davis charged with trans-
 porting whiskey. The transporting
 of the whiskey is not denied so it
 is simply a question of law as to
 whether it is an offense for an indi-
 vidual to carry whiskey from the
 depot or express office to his place
 of residence.

Trade is better in Ada than most places its size and there is every indication the comparison in future will be more favorable to this city.

Fine asphalt at the doors of Ada and the best of cement manufactured within its borders, and these properly used make magnificent paving material. Other people have valued the Ada asphalt so highly that they shipped it hundreds of miles to use.

With the hundreds of thousands of dollars to be expended in Ada within the next year for public improvements and the many thousands for private work made necessary by changes Ada will be a busy mart. Let all join in and make the spirit of progress unanimous.

It is the duty of the business men of Ada to sustain a daily paper. There is no better advertisement for a small city than its daily newspaper. The News gives value received—and more—for the patronage extended. It so the business property and professional interests of Ada should aid it.

The cotton continues to stream into Ada and the reason is easily explained. Ada has the compress the cotton seed oil mill and last but by no means least capable cotton buyers who pay the top notch price. And of course our business men sell goods cheap—or at least those who do advertise that they will.

The more patronage a paper receives the better publication it can issue and the improved appearance of a paper reflects credit on the town or city where it is published. It is of personal interest to every Ada citizen who has property or business here to have its daily paper as good or little better than that of any town of similar size. The gain is yours because as Ada is benefited, you necessarily are the gainer.

Most anybody can edit a newspaper and make it interesting for awhile. Some people can keep up the interest for a month or two without fagging, but it takes a natural born pencil shaver, and hard worker to grind out an interesting batch of local and editorial items week after week for a term of years. May keep Millions Here.

It would seem that there has been hardly any stronger argument advanced in favor of postal savings banks than these figures, showing how much money is sent abroad by alien laborers on this continent. Last year over \$17,000,000 went to Austria-Hungary and nearly \$10,000,000 to Russia in postal orders. That money was all earned here and, of course, the men who earned it had a right to do what they chose with it, but it does seem a shame that the American people who paid this money in wages should be deprived of the benefit that would accrue from its being deposited in American banks. Undoubtedly the question will come up before the approaching session of congress and such has been popular education and argument on the subject that it seems more than likely that the necessary legislation will be enacted.—Washington (D. C.) Herald

MEN, SAVE YOUR HONOR!

A Man, a Man, Two tablets of Fame for a Leader Who Will Crush Arrangements.

To the Editor of the Daily News.

Dear Sir:—The daughters of Eve resent the boast made by the sons of Adam who brag that they are the best spellers in town. This ungallant charge by arrogant masculinity against the weaker sex reflects on the intelligence of the fair, implying a sad neglect of their early education. Under such a charge our women folks can not remain silent.

A decent respect for opinions in general and Ada people's opinion in particular demands that they repel this slanderous charge. It compels them to state modestly, unobtrusively, and without boasting that what the feminine tribe does not know about orthography is positively torn out of the spelling book.

One energetic young woman who can spell well can down a hundred good-for-nothing fellows who can't spell. Such a fair lady with her eyes shut can beat the whole masculine tribe with all their profundity and eyes wide open. These are clear, deliberate statements of cold stubborn facts, neither boasted nor exaggerated. When did a woman ever exaggerate or use any idle words what?

The women of Ada rise and demand that this unjust charge be forever laid to rest and hereby challenge the whole of mankind within the bounds of our vicinity to meet them in a spelling match at (place named later) asking that they come prepared to take their Waterloo bravely.

Awaiting but not expecting a reply, we are yours truly,

THE WOMEN.

P. S. Anyone coming to see these boastful men chagrined and who will not spell will be fined 15 cents. You can get in for a dime. The money will go to pay for the cistern to furnish pure water for the school children.

NO RACE SUICIDE IN OKLAHOMA

Guthrie, Ok., Nov. 23.—A bureau of vital statistics is now in full force and operation in Oklahoma in charge of Dr. J. C. Mahr, state health superintendent. Although Dr. Mahr has just started to receive statistics he estimates that there are between 3,000 and 4,000 births in Oklahoma every month. This demonstrates that there is no such thing as race suicide in Oklahoma and shows approximately 40,000 people are added to the population of Oklahoma every year by the means of birth alone.

Pottawatomie county is the banner anti-race suicide county of the state the records showing a larger percentage of births than any other county. For the month of October the birth rate was sixty-eight and the complete record for the month will show it about 100 in the one county alone. The death rate of the county was 25.8 per cent of which one-third was from preventive diseases.

The report from Choctaw county shows that one child reached the mature age of 113 before adding his name to the death roll. Dr. Mahr states that he has received but partial reports from 20 per cent of the counties of the state showing 408 births.

For Vital Statistics.

The new health law of Oklahoma, which has just been put in force, requires the maintenance of a bureau of vital statistics according to a uniform system established by the census department at Washington. Oklahoma is the sixteenth state in the union to establish this system. It incorporates a record of all births, deaths, marriages and divorces in the state, reports being made to the state health officer, in the case of births and deaths, by the county health boards. The returns of divorces are made by the clerks of the district courts of the various counties and probate judges send in the marriages statistics.

In the record of births the attending physician is required to report to the county health officer, the nationality and sex of the child and the name of its parents and residence the county officer in turn reports the state health officer. In the case of deaths the cause of death, age, sex, nationality, name of deceased and other minor details are required.

To Keep Tab on Deaths.

Dr. Mahr states that chief among the good results that will come to the state by the new system is that which will be gained in better sanitary conditions. The blanks furnished the county health official contain a list of what are commonly known as preventable diseases. These include diphtheria, scarlet fever, smallpox, measles, typhoid, chicken pox, cholera infantum, tuberculosis, hydrophobia, pneumonia and pleural sepsis. In reporting the deaths which occur the doctor must state the cause of the result of any of the foregoing diseases.

In reporting deaths from all other diseases the health officers are only required to report the percentage of deaths which result from each. In looking over these reports the state health officer can determine whether sufficient preventive measures were taken and if not take steps to enforce proper health rules to reduce the percentages of deaths from preventable diseases.

An example of what may be revealed by these reports if found is

the fact that out of twelve diphtheria cases reported to the state health officers six have died.

SEARCH AND SEIZURE UPHELD

Guthrie, Ok., Nov. 23.—In an opinion written by Chief Justice Williams the supreme court granted a writ of mandamus compelling County Judge Hooker of Oklahoma County to issue a search and seizure warrant under the Billups prohibition law, and held that the search and seizure section of the law was constitutional.

The case was brought by Fred S. Caldwell, attorney to the governor, in charge of prohibition enforcement, upon the ground that Judge Hooker refused to issue a warrant applied for by the county attorney, the judge holding at the time the law was unconstitutional, for the reason that the title of the Billups act was defective, in that the purposes of the act were not set forth in the caption, also that the act contemplated more than one subject of legislation. In defense of the refusal it was also held that the provision of the constitution relating to state-wide prohibition, which the supreme court had already held to be operative, was an inhibition against the legislature going further. The opinion of Judge Williams holds against these conclusions, determines that the search and seizure sections are legal and that as the act does not undertake to prescribe a procedure for search and seizure, the general provisions of the code of civil procedure shall apply as in other cases. It follows also that parties will be entitled to a trial by jury when demanded.

A New Use for Cheese.

An English farmer recently went into a restaurant in Liverpool and called for some bread and cheese. "What kind would you like, sir?" inquired the waiter. "Cheshire, Yorkshire or Gorgonzola?" "Fancy name, that last," said the farmer. "I'll try a bit of that." He thought it so tasty that he bought a pound, took it home for his wife late at night, and left it for her on the sideboard in the kitchen. Next morning he came in from his before-breakfast round and asked her if she had found the parcel. "Oh, yes," she replied, "I saw it there all right, and very good mottled soap it is, no doubt, when you know how to use it. But I couldn't make it lather very well when I washed the children, and after I'd done they smelled so strong that I've turned 'em out for a breath of fresh air just to sweeten 'em a bit before they go to school."—Everybody's Magazine.
